We Would Like to Say Thank You...

The City Council and the Salt Lake County Sanitation would like to thank the residents of Taylorville City for your dedication to recycling. Your efforts have resulted in nearly 3,000 tons of materials diverted from the landfill and used for recycling. Taylorville City also has one of the highest clean recycle rates in our service district with 97%, which means that you keep garbage out of the blue bin. Our 2009 survey shows that 96% of the respondents from Taylorville feel that recycling is important. Keep up the great work saving our natural resources and our environment!

Your Taylorville City Council,

Bud Catlin (District 1), Morris Pratt (District 2), Jerry Rechtenbach (District 3),
Dama Barbour (District 4), Larry Johnson (District 5)
