

TAYLORSVILLE DAYZZ

Parking & Traffic Information for Entertainers

For **Performers**, the public parking field accessed off 2700 West (C) through the Library/Pool entrance is generally most convenient to the stages. You may also use any other area, including the vendor parking area. Off Midwest Drive, there is a vendor entrance (A). Please note that it is an **ENTRANCE ONLY**. Exits are west to 3200 West or east to 2700 West.

The public parking in the field is the best option for convenient access and quick exit for anybody staying for the evening activities.

For **Stage Support**, please use only open dirt and paved paths. **DO NOT** drive across the grass or down paths marked 'closed'.

For special, heavy equipment access to the **West Stage** area, come in at Midwest (A) and take the path along the west side of the vendor parking area. Where the road turns left for parking, go left and watch for a sign to go right to the back of the west stage. Cones on the grass behind the stage mark sprinkler heads for you to avoid.

For special, heavy equipment access to the **East Stage**, you **MUST** make arrangements ahead of time for a special pass into the Reserved Parking area. *You will not be allowed into the Reserved section without a pass.* Contact Logistics through any Taylorsville Dayzz committee member to discuss your needs. Your access to the Reserved area will be for **loading and unloading only**. Plan to move out of the Reserved section as soon as possible after your performance is finished.

Be aware that the Parade closes 2700 West between 9:00 and 11:00 am. All traffic during that time must come in the Midwest Drive entrance (A).

**Thank you for contributing to this Taylorsville celebration.
Please feel welcome to bring family, come early, stay late, and enjoy the day!**
