Taylorsville City Youth Council attended a Leadership Institute Conference at Utah State University March 18-20. Taylorsville won 1st place in The Award of Excellence, out of the councils in the state with 20 or more members.

The Award of Excellence goes to the Youth Council that embodies the Association of Youth Councils mission to provide opportunity for youth to develop mature citizenship, leadership, a sense of personal achievement, and an understanding of government. Youth Council submitted an application answering four essay questions that would determine if they encompassed that mission.

Taylorsville City Youth Council has won 3rd place in previous years; this is the first year that Taylorsville has received 1st place!
