SPECIAL INSPECTION AND TESTING AGREEMENT

Project Name: _____

Project Address: _____

Building Permit No: _____

To permit applicants of projects requiring special inspection and/or testing per Chapter 17 of the International Building Code (I.B.C.):

BEFORE A PERMIT CAN BE ISSUED: The engineer or architect of record acting as the owner's agent shall complete two (2) copies of this agreement and the attached structural tests and inspections schedule including the required acknowledgments. A preconstruction meeting with Taylorsville City, the testing agency, their inspectors, and the contractor will be required to review the special inspection requirements and procedures before the permit will be issued.

APPROVAL OF SPECIAL INSPECTORS: Special inspection and testing agencies shall provide qualifications of field inspectors for review and approval. Each special inspector shall be approved by the building department prior to issuing permit. Each special inspector shall display approved identification, as stipulated by the building department, when performing the function of a special inspector.

Special inspection and testing shall meet the minimum requirements of I.B.C. Chapter 17. The following conditions are also applicable:

A. Duties and responsibilities of the Special Inspector

- 1. Observe work:** The special inspector shall observe the work for conformance with the building department approved, stamped plans and specification and applicable workmanship provisions of the I.B.C.. Architect/engineer-reviewed shop drawings and/or placing drawings may be used only as an aid to inspection. Special inspections are to be performed on a continuous basis, meaning that the special inspector is on site observing all work requiring special inspection. Periodic inspection, if any, must have prior approval by the building department based on a separate written plan review and approved by the building department and the project engineer or architect.
- 2. Report nonconforming items:** The special inspector shall bring nonconforming items to the immediate attention of the contractor and note all such items in the daily report. If any item is not resolved in a timely manner or is about to be incorporated in the work, the special inspector shall notify the building department by telephone or in person, notify the engineer or architect, and post a discrepancy notice.

3. **Furnish daily reports:** Each special inspector shall complete and sign both the special inspection record card provided by Taylorsville City and the daily report form for each day's inspections which is to remain at the job site with the contractor for review by the building department's inspector.
4. **Furnish weekly reports:** The special inspector or inspection agency shall furnish weekly reports of tests and inspection directly to the building department, project engineer or architect, and others as designated. These reports must include the following:
 - a. Description of daily inspections and tests made with applicable location
 - b. Listing of all nonconforming items
 - c. Report on how nonconforming items were resolved or unresolved as applicable
 - d. Itemized changes authorized by the architect, engineer and building department if not included in nonconforming items.
5. **Furnish final report:** The special inspector or inspection agency shall submit a final, signed report to the building department stating that all items requiring special inspection and testing were fulfilled and reported and is, to the best of his/her knowledge, in conformance with the approved plans, specification, approved change orders and the applicable provisions of the I.B.C. Items not in conformance, unresolved items or any discrepancies in inspection coverage (i.e., missed inspection, periodic inspections when continuous was required, etc.) shall be specifically itemized in this report.

B. Contractor Responsibilities

1. **Notify the special inspector:** The contractor is responsible for the notifying the special inspector or agency regarding individual inspections for items listed on the attached schedule and as noted on the building department approved plan. Adequate notice shall be provided so that the special inspector has time to become familiar with the project.
2. **Provide access to approved plans:** The contractor is responsible for providing the special inspector access to approved plans on the job site.
3. **Retain special inspection records:** The contractor is also responsible for retaining at the job site all special inspection records submitted by the special inspector, and providing these records for review by the building department's inspector upon request.
4. **City inspections:** A special inspection does not waive the requirement for inspection by a City inspector. Contractor is responsible for scheduling City inspections to be done after completion of special inspection prior to covering work.

C. Owner's Responsibilities:

1. **Employment of special inspector:** The owner shall employ the special inspector.
2. **Employment of engineer or architect:** The owner shall employ the engineer or architect responsible for the structural design or his designated engineer or architect to make visits to the job site to observe general compliance with the approved structural plans, specifications, and change orders. The engineer or architect shall submit a statement in writing to the building official stating the job site visits have been made and that any deficiencies noted have been corrected. This shall not be construed to be a special inspection.

D. Building Department Responsibilities

1. **Approve special inspectors and requirements:** The building department shall approve all special inspectors and special inspection requirements.
2. **Monitor special inspection:** Work requiring special inspection and the performance of special inspectors shall be monitored by the building department's inspector. His/her approval must be obtained prior to placement of concrete or other similar activities in addition to that of the special inspector.

3. **Issue Certificate of Occupancy:** The building department will issue a Certificate of Occupancy when all other City requirements have been met and after all special inspection reports and the final report have been submitted and accepted.

E. Discrepancy Notices

1. A discrepancy notice is given by the building inspector to the special inspector when the special inspector approves items not in conformance with the approved plan, specification, or provisions of the building code.
2. A special inspector who received two (2) discrepancy notices by the building department shall be immediately replaced with another approved special inspector. If two more discrepancies are identified by the City inspector, the agency that employs these inspectors will be removed from the project and replaced with another agency specified by the owner and approved by the building official.

F. Areas of Special Inspections

The areas marked below shall have special inspections:

G	Soils investigation - I.B.C. Sec. 1802	
G	Concrete strength testing only - I.B.C. Sec 1704.4 and Table 1704.4	
G	Placing of reinforcement and concrete - I.B.C. Sec 1704.4 and Table 1704.4	
G	Bolts installed in concrete - I.B.C. Sec 1701.5.2, Table 19-E, Footnote #5	
G	Special Moment Resisting Concrete Frame - I.B.C. Sec 1708.3	
G	Reinforcing steel and pre-stressing steel - I.B.C. Sec 1708.3	
G	Welding - I.B.C. Sec 1704.3 and Table 1704.3	
G	High strength bolting - I.B.C. Sec 1704.3.3	
G	Structural masonry - I.B.C. Sec 1704.5	
G	Reinforced gypsum concrete - I.B.C. Sec 1701.5.8	
G	Insulating concrete fill - I.B.C. Sec 1701.5.9	
G	Spray applied fire-proofing - I.B.C. Sec 1704.11	
G	Piling, drilled piers, and caissons - I.B.C. Sec 1701.5.11	
G	Shotcrete - I.B.C. Sec 1701.5.12 and 1924.10 & 1924.11	
G	Special grading, excavation, and filling - I.B.C. Sec 1704.7	
G	Smoke control system - I.B.C. Sec 1704.14	
G	Fabricator to be approved - I.B.C. Sec 1704.2.2	
G	Exterior Insulation and Finishing Systems (E.I.F.S.) I.B.C. Section 1704.12	
G	Special cases I.B.C. 1704.13
