THE CROSSROADS OF TAYLORSVILLE

The Family Center on the southwest corner of 5400 South and Redwood Road is now the Crossroads of Taylorsville. There will be many changes as the redevelopment of this center continues.

On June 9, 2015, the former Blockbuster Video building was demolished to make way for a new three-tenant building on 5400 South between Harmons and Texas Roadhouse. Over the next two years other older buildings, including the former Castle of Chaos, Jiffy Lube, Round Table Pizza, and Circuit City buildings, will be replaced with new buildings and new tenants. One of the largest new tenants will be a luxury movie theater built by Regal, the first of this national chain in Utah.

From fast food establishments to sit-down restaurants, many new dining choices will become part of the Crossroads of Taylorsville. Other entertainment venues and retail offerings will also be built here. Long overdue upgrading of buildings, signage, landscaping, and parking areas will also be done, and new life is expected to be abundant in this development. Watch for announcements in the coming months of businesses who will be coming to the Crossroads of Taylorsville.
