17
18 18:48:07 Lobbyist Dave Nicponski reported on recent legislative efforts on behalf of the City of
19 Taylorsville. He relayed that his primary focus and main concern was to obtain funding for the
20 Bus Rapid Transit (BRT) Program. He noted that \$4 million was successfully secured under
21 Transportation House Bill (HB) 173 for this project. Mr. Nicponski observed that this amount
22 allows for a good start toward the \$42 million BRT Project. He clarified that the \$4 million
23 amount will come to Taylorsville by June or July of 2013.

24
25 18:49:53 Mr. Nicponski reported on HB 140 that was successful in preventing the elimination of
26 vehicle checkpoints (roadblocks).

27
28 18:50:31 Mr. Nicponski reviewed HB 249 which allows the Good Landlord Practice to stay in
29 place. He cited a change that will allow landlords to qualify through only one training session
30 and eliminates the requirement to complete training in multiple cities.

31
32 18:51:15 Mr. Nicponski reported on HB 33 regarding fireworks and cited amendments that will
33 now shorten the window of time that fireworks may be used. He reviewed the new timeframes,
34 as follows: July 1 through July 7, from 11:00 a.m. to 11:00 p.m. (July 4 until midnight); and July
35 21 through July 27, from 11:00 a.m. to 11:00 p.m. (July 24 until midnight).

36
37 18:52:30 Mr. Nicponski reported on HB 94 that was defeated in regard to studies being required
38 for any commercial activity.

39
40 18:53:01 Mr. Nicponski described amendments made to the incorporation process.

1 18:53:35 Mr. Nicponski reported on legislation that was considered regarding billboards. He
2 stated that such legislation would have taken away the City Council's rights regarding billboards
3 placed in communities. He noted that lengthy negotiations took place before this bill folded.
4

5 18:54:15 Mr. Nicponski referenced HB 173 and congratulated the City for recently bringing on
6 Representative Wayne Harper as a City employee. He suggested that Mr. Harper will be an asset
7 in helping to keep the BRT project moving forward. He also noted that Senate President
8 Michael Waddoups has been an invaluable stalwart and will be greatly missed in that regard.
9

10 18:55:15 Council Member Dama Barbour thanked Dave Nicponski, Gerrie Shaw, and Mayor
11 Wall for their lobbying efforts on behalf of Taylorsville. Mr. Nicponski recognized his
12 associate Gerrie Shaw and praised her hard work.
13

14 **3.2 Taylorsville Exchange Club, Preventing Child Abuse Campaign**
15 **– Linda Hardman**
16

17 18:56:26 Linda Hardman, of the Taylorsville Exchange Club, noted that Renee Sorensen was
18 unable to be in attendance. Ms. Hardman reported on the Child Abuse Prevention Campaign.
19 She cited the "Field of Pinwheels" that will be displayed on the City Center property on
20 Saturday, April 6, 2012 to recognize the importance of preventing child abuse.
21

22 18:58:36 Ms. Hardman cited some statistics related to child abuse and described the goals of the
23 child abuse prevention program.
24

25 18:59:16 Ms. Hardman recognized four Taylorsville residents who are members of the team that
26 recently won the Women's National USA Hockey Tournament Championship.
27

28 18:59:53 Ms. Hardman cited a \$2,000 donation made to the Taylorsville Food Bank that she
29 helped garner through a foundation she started with Coldwell Banker.
30

31 **3.3 Quarterly Report, Public Works – Kevyn Smeltzer**
32

33 19:00:08 Kevyn Smeltzer, of Salt Lake County Public Works, reported on public works services
34 in Taylorsville. He clarified that the first quarter where snow removal was referenced was the
35 period of July through September and this is the reason for zero costs during that time. He
36 illustrated graphs regarding the effects of maintenance on pavement. Mr. Smeltzer stressed the
37 importance of conducting preventative maintenance.
38

39 19:03:38 Mr. Smeltzer described the difference between a slurry seal (performed on subdivision
40 roads) and a chip seal (oil sprayed on roads first, with rocks rolled in later). He reviewed
41 specific costs for slurry seals, chip seals, and road overlays.

1 19:05:29 Mr. Smeltzer reported that a slurry seal adds approximately 3 to 5 years to a road,
2 depending on traffic; a chip seal would add 5 to 7 years; and an overlay adds 10 to 15 years. He
3 confirmed that chip seals are done in August every year. City Engineer John Taylor cited roads
4 on which chip seals were most recently performed (1300 West and 2700 West).

5
6 **3.4 Quarterly Report, Sanitation – Pam Roberts**
7

8 19:06:04 Sanitation Director Pam Roberts reported on sanitation services provided to
9 Taylorsville during the previous quarter.

10
11 19:07:02 Ms. Roberts reviewed statistics for 2011 Year-End collections in Taylorsville. She cited
12 the success of green waste collection last year.

13
14 19:08:37 Council Member Barbour inquired about the potential to hold the Area Cleanup twice
15 per year. She noted that Taylorsville's Area Cleanup is being held in September of this year.
16 She said that a proposal is being made to the Sanitation Board to hold that cleanup in
17 Taylorsville twice per year beginning in 2013.

18
19 19:09:18 Council Member Kristie Overson inquired how determination is made of the amount of
20 green waste collected. Ms. Roberts cited the hope to eventually have separate green waste
21 collection handled through rear loaders. She indicated that if approval is received from the
22 Sanitation Board, more information will be brought back.

23
24 19:10:45 Ms. Roberts confirmed that recycling collection has increased to weekly. She noted
25 that recycling collection amounts have not been as high as originally anticipated. She reported on
26 trends and explained that Taylorsville took a little longer to catch on to the change to weekly
27 recycling. Council Member Johnson noted that the recycling fee was raised but collection
28 amounts haven't doubled. Ms. Roberts clarified that doubling recycling amounts was not
29 anticipated, but the hope is to eventually climb to a 30% increase. She said she realizes the
30 process will be incremental and take time. She described educational efforts being made in
31 regard to recycling.

32
33 19:13:21 Council Member Ernest Burgess observed that blue recycle bins are not as sturdy as the
34 black garbage bins. Ms. Roberts acknowledged performance issues with the recycle bins. She
35 reported that the bins are currently being monitored for performance and the Sanitation District
36 will work with the vendor to avoid future issues.

37
38 19:15:01 Ms. Roberts reviewed the results of the 2011 Customer Satisfaction Survey. She cited
39 a correction to the bottom bullet should be made on the Taylorsville side to reflect 35%.
40

1 19:16:31 Council Member Johnson inquired about any specific complaints in regard to
2 collection. Ms. Roberts said there were not many specific comments in regard to refuse; for
3 recycling, comments mainly expressed the desire for weekly pickup.
4

5 19:17:44 Ms. Roberts noted that the Area Cleanup Program is the most popular. She relayed
6 that the District is hoping not to raise rates in 2013. She described cost analysis made for
7 curbside pickup.
8

9 19:19:27 Ms. Roberts recognized Saul Lopez, who was recently named as “Driver of the Year.”
10

11 19:20:12 Ms. Roberts noted that the Sanitation District will be participating in the “Emergency
12 Utah Shake Out Event” on April 17 through 19, 2012.
13

14 19:20:56 Ms. Roberts welcomed Council Member Dama Barbour as a new member of the
15 Administrative Control Board for the Sanitation District.
16

17 19:21:14 Council Member Kristie Overson commented on her positive experience in recently
18 renting a green waste trailer. She observed that the Sanitation District provides great services in
19 Taylorsville at a good cost.

35 accept a matching grant in the amount of \$2,000 from the Economic Development Corporation
36 of Utah.
37

38 19:22:54 Council Member Dama Barbour **MOVED** to adopt Resolution No. 12-17 – Accepting
39 a Matching Grant from the Economic Development Corporation of Utah in the Amount of
40 \$2,000. Council Member Kristie Overson **SECONDED** the motion. Chairman Rechtenbach
41 called for discussion on the motion. There being none, he called for a roll call vote. The vote

12 ***John Brems***

13
14 19:23:32 City Attorney John Brems presented the subject resolution and called for approval of an
15 interlocal agreement with Jordan Valley Water Conservancy District for the exchange of
16 property at 3200 West 6200 South. He illustrated City-owned property via aerial photos. Mr.
17 Brems described the repositioning of drainage in conjunction with the 6200 South Improvement
18 Project. Mr. Brems illustrated the access point to allow for tank maintenance. He cited the need
19 for a temporary Construction Easement to construct the access. Mr. Brems gave clarification on
20 property trades made with Jordan Valley for specific parcels.

21
22 19:26:39 Council Member Johnson questioned whether the subject property is the former
23 garbage dump. City Administrator John Inch Morgan confirmed that the subject property is
24 owned by the City and will become a park. Mr. Brems referenced provisions for curb, gutter and
25 sidewalk improvements. He noted the need to clean up boundaries on the parcels.

26
27 19:28:13 Mayor Wall confirmed that the property will be grassed for a park and may be used as
28 an adult soccer field.

29
30 19:29:38 Mr. Brems explained that the City owns the property all the way to the subdivision
31 fence.

32
33 19:30:12 Mr. Brems confirmed that the low area of the property is part of the City-owned parcel.
34 He cited flexible building options, other than building on the cap. He noted that additional
35 property was requested in order to provide access on 3200 West.

36
37 19:31:51 Council Member Dama Barbour **MOVED** to adopt Resolution No. 12-19 – Approving
38 an Interlocal Cooperative Agreement with Jordan Valley Water Conservancy District for,
39 Among Other Things, the Exchange of Certain Real Property Located at Approximately 3200
40 West 6200 South; Granting Jordan Valley Water Conservancy District an Easement for Ingress
41 and Egress to its Facilities; Granting Jordan Valley Water Conservancy District an Easement

1 Allowing the Discharge of Storm Drain Water and Tank Draining into the Taylorsville Storm
2 Drain System; and Construction of Curb, Gutter, and Sidewalk and Other Improvements.
3 Council Member Ernest Burgess **SECONDED** the motion. Chairman Rechtenbach called for
4 discussion on the motion. There being none, he called for a roll call vote. The vote was as
5 follows: Overson-yes, Johnson-yes, Rechtenbach-yes, Barbour-yes, and Burgess-yes. **All**
6 **City Council members voted in favor and the motion passed unanimously.**

7
8 **7. OTHER MATTERS**
9

10 19:32:32 Council Member Larry Johnson cited a report previously furnished by Kelly Davis of
11 West Valley Animal Services. He stated that he was not satisfied with the report or the statistics
12 given. Mr. Johnson referenced a proposal to raise rates for animal services. He expressed
13 concern with the potential raise to fees and inquired where the funds will go.
14

15 19:34:18 Mayor Russ Wall noted that even doubling fees would not cover actual Taylorsville
16 costs for animal services. He said that the City “goes in the hole” for animal services and cannot
17 hope to collect enough to cover such. He offered to provide specifics of the animal services
18 contract to the City Council.
19

20 19:36:02 The Mayor agreed to provide a financial structure/breakdown of the contract with
21 Animal Services to be presented at the next meeting.
22

23 19:37:27 Finance Director Scott Harrington reported that approximately \$16,000 was collected
24 in Taylorsville as fees toward animal services in the City. The Mayor cited fees that go toward
25 the bond on structure of the new animal shelter.
26

27 19:38:34 Council Member Johnson questioned why fees haven’t been raised previously. The
28 Mayor explained that the problem with raising fees is that fewer people may license animals. He
29 suggested examining ways to encourage people to license pets. He said that a potential fee
30 increase could be used to incentivize and educate citizens regarding animal licensing. Mayor
31 Wall noted that the more people that license, the less the subsidy amount. He observed that any
32 time government imposes a fee, it is a tax.
33

34 19:41:01 Mr. Harrington agreed to prepare a report by April 18, 2012. Mayor Wall confirmed
35 that Mr. Davis is preparing a more in-depth report for his next presentation.
36

37 19:41:42 The Mayor explained how estimates are garnered on animals licensed in Taylorsville.
38

39 19:42:30 Council Member Ernest Burgess recommended moving ahead with licensing
40 incentives.
41

1 19:43:11 The Mayor observed that the real purpose of licensing animals is not to raise revenue,
2 but rather to ensure that animals are vaccinated, animal owners are responsible, and
3 neighborhoods are safe. He suggested that it is beneficial to raise the percentage of licensed
4 animals in the City.

5
6 19:44:00 Council Member Johnson observed that no time was cited on a Priority One Call. He
7 called for a full report on animal service calls. The Mayor acknowledged that the last report was
8 not sufficient and said that Administration takes responsibility. He ensured the Council that
9 future reports will be accurate and complete.

10
11 19:45:24 Council Member Larry Johnson cited the planned election ordinance amendment
12 regarding election caps and asked when that amendment will be presented. City Attorney John
13 Brems indicated that he will need a couple of months to complete the amendments.

14
15 19:45:52 Council Member Johnson inquired about the procedure if the Council should want to
16 put a big issue on the ballot. Mr. Brems explained that there is a specific procedure if a change
17 in the form of government is desired. He said that citizen initiatives are done outside of the
18 Council. He noted that the City Council may put issues on the ballot with three votes, or with
19 four votes if the Mayor vetoes.

20
21 19:47:34 Mr. Brems noted that normally a citizen initiative is to override an action taken by the
22 Council.

23
24 19:48:03 Mayor Wall cited the City's Good Landlord Policy. He explained that one of the issues
25 is in dealing with a home that is owned by a landlord renting to a family member. He recalled
26 that the intent of the Council was to provide an exemption in that case. The Mayor said he will
27 ask the City Attorney to add an addendum to allow family members; landlords are still required
28 to license, but fees and training requirements would be waived. Mayor Wall gave examples of
29 different scenarios. He said that this amendment will probably be brought back for Council
30 consideration the first week in May.

31
32 19:50:56 Council Member Ernest Burgess cited a family hardship situation where fees were
33 waived. He said that it is important for the City to be compassionate in such scenarios.

34
