1 **2. APPOINTMENTS**

3 **2.1 Ordinance No. 11-18 – Appointing Municipal Inspectors – *John Inch Morgan***

4
5 19:03:46 City Attorney John Brems presented the subject ordinance regarding the appointment
6 of Municipal Inspectors. He said that it is recommended that Mickey Pahl and Scott McMahon
7 be appointed as the Municipal Inspectors.

8
9 19:06:26 Council Member Pratt questioned whether the ordinance should be amended to appoint
10 Code Enforcement personnel in general as inspectors, rather than naming specific persons. Mr.
11 Brems said that he would need to give further consideration to that suggestion and research the
12 statute.

13
14 19:07:40 Council Member Morris Pratt **MOVED** to table Ordinance No. 11-18, Appointing
15 Municipal Inspectors, until the October 19, 2011 City Council Meeting following further

29
30 19:09:19 Ms. Thompson asked for recommendations on any Taylorsville families who may be
31 adopted to receive Holiday Boxes. She gave clarification on donations that are gathered.
32 Council Member Pratt noted that if there are not enough families to receive the boxes, the
33 Taylorsville Food Bank would also be a good recipient.

38
39 Council Member Morris Pratt **MOVED** to adopt the Consent Agenda, with the two corrections

3 **unanimously.**

4
5 **5. PLANNING MATTERS**

6
7 **5.1 Discussion of the Proposed Land Development Code, Chapters 18, 19 & 20 –**
8 ***Mark McGrath***

9
10 19:10:23 Community Development Director Mark McGrath presented Chapters 18 (Historic
11 Resources Overlay Zone), 19 (Site Specific Development [SSD] Districts) and 20 (Residential
12 Development Standards) of the proposed Land Development Code.

13
14 19:10:28 Chapter 18 (Historic Resources Overlay Zone) was discussed. Mr. McGrath relayed
15 that after several years of consideration, an ordinance, a proposed Historic District, and several
16 proposed Historic Sites have been established. He noted that historic provisions in the new code
17 are still voluntary until such time as more specific design standards are developed.

18
19 19:11:31 Council Member Pratt cited an identified historic area and Mr. McGrath clarified that
20 the area was recommended by the Planning Commission and the Historic Preservation
21 Committee. He noted that windshield surveys were also conducted to determine historic
22 boundaries along 4800 South. He confirmed that people within the proposed zone are not bound
23 and compliance is voluntary.

24
25 19:12:39 Mr. McGrath acknowledged that two or three properties that have already been
26 officially designated as historic will remain so.

27
28 19:13:42 Chairman Rechtenbach referenced "Qualifications for Designation" and inquired
29 whether age of a property is considered. Mr. McGrath explained that generally any structure
30 over 50 years is qualified to be considered as historic. He agreed that the standard age of over 50
31 years should be specified in the code.

32
33 19:14:38 Chairman Rechtenbach made a suggestion regarding the last paragraph on the last page
34 to specify that a "final" 30-day extension may be instituted by the Council.

35
36 19:15:24 There were no additional comments on Chapter 18.

37
38 19:15:27 Chapter 19 (Site Specific Development [SSD] Districts) was discussed. Mr. McGrath
39 referred to this chapter as the "Create Your Own Zone" Zone, where a zone may be crafted for a
40 creative development proposal. Mr. McGrath explained that this new creative element in the
41 code works similarly to a Development Agreement.

1 19:17:00 Chairman Rechtenbach cited Page 2, paragraph E, and inquired whether all plans come
2 to the City Council for decision. Mr. McGrath said that all of these types of developments would
3 come before the City Council for approval because ordinances are affected. There were no
4 additional comments regarding Chapter 19.

5
6 19:17:55 Chapter 20 (Residential Development Standards) was discussed. Mr. McGrath cited a
7 new element contained in the code that requires the inclusion of at least a two-car garage to any
8 single family dwelling. He cited another new concept, found on Page 4, regarding minimum and
9 maximum dwelling sizes for all R-1 and R-2 zones. He indicated that this would prevent very
10 small or very large housing units from being built in the single and two-family zoning
11 classifications.

12
13 19:19:55 Chairman Rechtenbach asked for clarification on the table regarding setbacks, and Mr.
14 McGrath agreed to change the verbiage for the citation referenced.

15
16 19:21:16 Discussion ensued regarding dwelling size requirements. Mr. McGrath cited the desire
17 to avoid very large houses that are out of character with the rest of a neighborhood. He
18 acknowledged that this is not yet much of an issue in Taylorsville. He noted the need to have a
19 balance within the City for housing. Mr. McGrath referenced the ability to make application to
20 the Community Development Director for an exception.

21
22 19:28:33 Mr. McGrath agreed to re-work numbers for dwelling/lot sizes and then bring new
23 recommendations back for Chapter 20 at a future meeting.

24
25 19:30:23 Council Member Johnson said that he doesn't mind allowing the Community
26 Development Director to make decisions regarding appropriate dwelling sizes.

27
28 19:30:32 Council Member Barbour referenced aging lots in the City and suggested that there
29 may be owners wanting to re-vitalize their properties. She cited the need to have guidelines in
30 place for those instances in order to protect neighboring properties. Mr. McGrath acknowledged
31 that there may be some desire to remove existing older homes and build new, larger houses.

32
33 19:31:35 Council Member Catlin cited a vacant double lot on his street as an example where a
34 bigger home might be built. He said he does not have a problem with that.

35
36 19:32:39 Council Member Pratt asked whether all new homes are being built with garages. Mr.
37 McGrath stated that under the new code, builders are required to install a two-car garage. He
38 said there are some exceptions in the PUD Section that allow for consolidated parking.

39

1 19:34:12 Chairman Rechtenbach expressed concern about stating specific pavement width
2 requirements. He suggested providing reference elsewhere, i.e. Public Works Design Standards.
3 Mr. McGrath agreed that this was a good point.
4

5 19:35:00 Council Member Barbour raised a question regarding Open Space under the PUD
6 Section on Page 6. She stated concern with the 40% requirement. Mr. McGrath referenced the
7 desire to ensure that there is adequate open space in the PUD, including private yard space and
8 common/park open space, and excluding roads and sidewalks. Ms. Barbour relayed that three
9 developers she spoke to believe this is a heavy requirement.
10

11 19:37:38 Mr. McGrath suggested that utility corridors not be included as open space within
12 planned unit developments. He cited intent not to include non-developable or unimproved land
13 as open space. Chairman Rechtenbach suggested leaving discretion to the Community
14 Development Director on some questionable issues.
15

16 19:41:15 Mr. McGrath defined "patios" for Council Member Johnson.
17

18 19:42:24 Mr. McGrath agreed to bring back a site plan that illustrates 40% of open space in a
19 PUD.
20

21 19:42:59 Council Member Johnson asked for explanation on the table relating to parking ratios.
22 Mr. McGrath gave additional clarification on parking space requirements within planned unit
23 developments.
24

25 19:45:53 Chairman Rechtenbach inquired about street light standards, as referenced on Page 8.
26 Mr. McGrath agreed to specify that the standard shall not be less than the municipal standard.
27 He acknowledged that exceeding the City standard for lighting would have to have Planning
28 Commission approval.
29

30 19:48:07 Council Member Catlin cited historical problems with street lights related to PUDs.
31

32 19:48:48 Chairman Rechtenbach suggested amending the bottom paragraph on Page 10 to
33 include property and liability insurance. He also noted a change to reflect pro rata, rather than
34 pro rate.
35

36 19:49:39 Chairman Rechtenbach cited Paragraph L on Page 15. He recommended that after the
37 12-month period referenced, applicants be required to pay fees again.
38

39 19:50:31 Chairman Rechtenbach cited Pages 17, 18, and 19. He suggested referencing standards
40 in a consolidated table.
41

1 19:51:29 Council Member Pratt referenced Page 23, regarding the Manufactured Home
2 Residential District. Mr. McGrath confirmed that setbacks still must be met, although there is no
3 minimum lot width specified.

4
5 19:52:25 Council Member Johnson asked about open fences on Page 16. Mr. McGrath noted
6 that sidewalks may not be obscured.

7
8 **6. FINANCIAL MATTERS**

9
10 **6.1 Resolution No. 11-28 – Accepting the Emergency Management Performance**
11 **Grant (EMPG) in the Amount of \$10,000 – John Inch Morgan**

12
13 19:53:11 City Administrator John Inch Morgan presented the subject resolution to approve
14 acceptance of the Emergency Management Performance Grant (EMPG) in the amount of
15 \$10,000. He clarified that this is a matching grant intended to purchase equipment for emergency
16 response. He relayed that the 50/50 match can be an in-kind or soft match.

17
18 19:54:23 Council Member Dama Barbour **MOVED** to adopt Resolution No. 11-28 – Accepting
19 the Emergency Management Performance Grant (EMPG) in the Amount of \$10,000. Council
20 Member Bud Catlin **SECONDED** the motion. Chairman Rechtenbach called for discussion on
21 the motion. There being none, he called for a roll call vote. The vote was as follows: Catlin-
22 yes, Barbour-yes, Rechtenbach-yes, Johnson-yes, and Pratt-yes. **All City Council members**
23 **voted in favor and the motion passed unanimously.**

24
25 **7. OTHER MATTERS**

26
27 **7.1 Resolution No. 11-29 – Requesting the Recertification of the Taylorsville**
28 **Justice Court – John Brems**

29
30 19:54:54 City Attorney John Brems presented a resolution to request the recertification of the
31 Taylorsville Justice Court. He explained that this must be approved by the City Council every
32 four years according to State statute requirements.

33
34 19:55:30 Council Member Pratt noted that the current certification expires in February, 2012.
35 Mr. Brems clarified that the recertification is usually done early during the month of October.

36
37 Council Member Pratt stated that no Opinion Letter has been provided to the City Council by the
38 City Attorney, although it is referenced in the proposed resolution.

39

1 Mr. Brems relayed that he has not finalized the opinion letter due to issues relating to new statute
2 requiring all judicial hearings to be recorded. He agreed to provide the opinion letter to the
3 Council before bringing the resolution back to a future meeting.

4
5 19:58:42 Council Member Catlin called for confirmation that adopting the subject resolution
6 does not re-approve the Drug Court. Mr. Brems stated that the Justice Court is not a recognized
7 Drug Court.

8
9 20:00:01 Council Member Bud Catlin **MOVED** to postpone Resolution No. 11-29, Requesting
10 the Recertification of the Taylorsville Justice Court, until the second meeting of October after an
11 opinion letter has been provided by the City Attorney. Council Member Morris Pratt
12 **SECONDED** the motion. Chairman Rechtenbach called for discussion on the motion. There
13 being none, he called for a roll call vote. The vote was as follows: Catlin-yes, Barbour-no,
14 Rechtenbach-no, Johnson-yes, and Pratt-yes. **All City Council members voted and the motion**
15 **passed with a 3 to 2 vote.**

16
17 **7.2 Discussion Regarding Taylorsville Newsletter Options – Aimee Newton**

18
19 20:00:52 Public Relations Consultant Aimee Newton called for discussion on options for the
20 Taylorsville newsletter. She referenced options previously provided to the Council and
21 summarized each, as follows: 1) Keep the newsletter included in the Valley Journal as is (this is
22 the least expensive option, but some residents complain about delivery problems); 2) Do a
23 separate insert in the Journal (this would make the newsletter a little more visible); and 3) Mail
24 an individual newsletter to every home. Ms. Newton provided samples of newsletters from other
25 cities. She cited potential costs for mailing to every home and suggested that this could be done
26 less frequently than on a monthly basis.

27
28 20:03:32 Ms. Newton referenced the possibility of doing an e-mail newsletter at the cost of \$15
29 to \$150 per month.

30
31 20:04:27 Council Member Pratt expressed concern with separate inserts in the Valley Journal not
32 being delivered or falling out. He said he is in favor of keeping the current newsletter as it is
33 (Option 1).

34
35 20:05:45 Council Member Bud Catlin stated that he is not in favor of Options 1 or 2, because he
36 currently does not receive a Valley Journal at his home. He cited delivery issues he has had. He
37 said he likes Option 3 because he would actually receive the City newsletter.

38
39 20:07:53 Discussion was held regarding delivery problems related to the Valley Journal.
40

1 20:09:59 Mayor Wall indicated that he has met with Valley Journal representatives at least three
2 times to discuss delivery issues, but said they are not getting the message.

3
4 20:11:09 Suggestion was made regarding the possibility of mailing the Journal to residences, as
5 was done previously. Additional cost was cited and Mayor Wall noted that the City may offer to
6 cover the cost difference to have the Journal mailed to Taylorsville residents.

7
8 20:12:13 Council Member Catlin stated that he is not in favor of using the Valley Journal. He
9 noted that they are not a Taylorsville business and there are many other printing businesses in
10 Taylorsville.

11
12 20:13:07 The possibility of collecting sponsors for the newsletter with advertising incentives was
13 discussed. It was estimated that this could save one third of the cost of a City newsletter.

14
15 20:14:09 Council Member Pratt acknowledged that delivery problems have been experienced
16 over the last seven or eight years. He suggested that the option be explored for paying a little
17 more to mail the newsletter.

18
19 Ms. Newton confirmed that there are approximately 17,300 households in Taylorsville and that
20 30,000 newsletters are produced for Taylorsville and the Kearns area.

21
22 20:15:18 Council Member Johnson said that he would like to see better attendance at City
23 Council Meetings and would like a sign posted to advertise Council Meetings. He suggested that
24 most of those attending meetings currently are not Taylorsville residents.

25
26 20:17:09 Ms. Newton noted that the City could do a nice individual quarterly newsletter for just
27 a little more than is currently being paid.

28
29 20:17:50 Council Member Barbour proposed that a cost be obtained for mailing out the Valley
30 Journals and also for printing an individual newsletter with some advertising. Mayor Wall stated
31 that the costs will be gathered and provided to the Council by the first meeting in November.
32 Ms. Newton agreed to get costs for both monthly and quarterly newsletters.

33
34 Council Member Johnson stated his preference for a quarterly newsletter.

35
36 20:20:44 Council Member Pratt suggested that a newsletter page be placed on the City website
37 with the newsletter content prepared by the City.

38
39
40
41

1 **7.3 Discussion Regarding Issues with the Current E-Mail System**
2 **– Chairman Rechtenbach**

3
4 20:21:16 Council Member Pratt inquired about the possibility of using CDBG money to help
5 fund covered parking spots at the new Senior Housing Development on Plymouth View. Mayor
6 Wall agreed to ask CDBG Consultant Kathy Ricci to make application from the City to cover the
7 costs for covered stalls. He asked that any other ideas for CDBG Funds be provided to him.

8
9 20:24:12 Council Member Larry Johnson inquired whether City employees who come to
10 meetings get paid for the time they are in attendance. Mayor Wall and City Administrator John
11 Inch Morgan gave explanation. They clarified that Department Directors are exempt employees
12 who are on salary; merit employees who are required to be in attendance are either paid or
13 receive comp time. It was noted that if employees come to Council Meetings on their own
14 because issues are of interest to them, i.e. budget discussions, they are not compensated.

15
16 20:25:11 Chairman Rechtenbach opened discussion regarding issues with the City's E-Mail
17 System. It was noted that the City's IT Specialist Troy Hansen has preemptively worked on
18 computer issues.

19
20 20:25:40 Council Member Bud Catlin stated that he is extremely pleased with the fixes made by
21 Mr. Hansen.

22
23 20:26:15 Mr. Hansen gave clarification on the impact of a recent Outlook Update on computers.

24
25 20:27:53 Council Members each explained computer issues they are having. Mr. Hansen agreed
26 to make adjustments to laptops as needed.

27
28 **8. NEW ITEMS FOR SUBSEQUENT CONSIDERATION (No Action)**

30 It was confirmed that the Employee Appeal Board Ordinance will be brought back at a later
31 time, as previously discussed in the Briefing Session.
