Safety Message

Going for a hike?

This month's Safety Message includes several tips and suggestions to help you have an enjoyable and SURVIVABLE experience:

- Don't travel alone.
- Know where you're going.
- Take some basic gear.
- Take basic provisions.
- Check the weather forecast before heading out.
- Try to avoid sweating in cold weather by dressing in layers.
- Know the signs of heat exhaustion.
- Don't attempt to cross a rain-swollen stream.

Our fire crews have been very busy in our canyons this year. Remember, only you can be responsible for your own safety! Stay on designated trails, watch your footing and be safe while you venture out to enjoy our beautiful Utah.

Questions??
