AGE: 58

OCCUPATION: Small Business Owner of a Commercial Tire Company

RESIDENCE (City): Taylorsville

YEARS AT RESIDENCE (City): 50 years

QUALIFICATIONS (Attach a statement of up to 200 words):

As a small business owner for 30 years, I know how to survive tough economic times and how to grow responsibly during good times. I know that I can bring some of these lessons to the Taylorsville City government helping the city prosper while keeping taxes low.

I grew up in Taylorsville and have lived here most of my life. I will work hard to make this city that we live in safe, beautiful, organized, and a place that people will be happy to call home.

As a city councilman, I will study the problems and the proposals brought before the council with common sense. I will never take at face value any of the information I am given, but instead will critically examine everything. I will then try to find what is best for my constituents as well as for the city before I cast my vote.

My qualifications are solid. I am a hard worker. I am honest, loyal, and frugal. I have had many positions through the years where I have learned how to work well with others.

Please give me the opportunity to represent your thoughts and feelings.

Thanks!
