

Taylorsville Business Award of Excellence Summit Vista

Presented by Council Member Brad Christopherson

A recent *Salt Lake Tribune* article describes Summit Vista as “unlike anything in Utah”. We are honored to have this 105-acre development in Taylorsville. This is a project that reaches back at least 10 years when the property was first scouted by Summit Vista officials. Since that time, there have been many Taylorsville hands touch this project. From current and past elected officials, to planners, building inspectors, licensing and planning commissioners, this project has affected Taylorsville in a positive way.

Of course, this development is possible through a great business relationship with Mark Erickson, CEO and Executive Director of Summit Vista. He brings more than 15 years of experience in leading large-scale retirement communities. Kelly Ornberg’s marketing skills make her a trusted industry leader in the community. Mark, Kelly and their entire team are driven to make this a top notch, premier development.

Summit Vista opened its doors six months ago and currently has 120 residents living there. They anticipate their second building opening in October and a third building breaking ground in May. With more residents choosing Summit Vista, this brings more job opportunities to our city. Thank you, Summit Vista, for making yourselves at home in our community.

For your commitment to excellence, strong business leadership and community partnership, we are happy to present you with the Taylorsville Business Award of Excellence.
