

Police Department Award of Excellence Jennie Peterson

Presented by Council Chair Dan Armstrong

Since becoming the prosecutor liaison, Jennie Peterson has become the “go-to” person for anything related to prosecution in the City. She is always willing to research an issue if she doesn’t readily know the answer. She listens to our residents and visitors alike, no matter their concern. She goes above and beyond with everyone that comes to the precinct lobby or reaches out by phone. Officers from every precinct contact Jennie daily for assistance on processing their cases in our courts. She is always patient, professional and takes her time, thoroughly explaining the process or situation.

The prosecutor’s office and the officers within the department have learned to depend on her. Her work ethic and efficiencies are consistently exceptional. On the rare occasion Jennie is off work, the impact is immediately felt. During 2018, Jennie processed 298 criminal proceedings and assisted with 9,427 new cases. Jennie’s title as prosecutor liaison, is just the tip of the iceberg for what Jennie regularly handles daily. Quietly and dependably, Jennie helps the entire Precinct and the City of Taylorsville move forward every day and night.

Jennie is the example every employee should work toward. Her steadfast work ethic, professionalism and commitments to the Unified Police Department and the City of Taylorsville are unmatched.

We are happy to present Jennie with the Police Department Award of Excellence.
