

Service Provider Award of Excellence Kim Horiuchi

Presented by Council Member Meredith Harker

Although Kim has been with the city less than a year, she has made a significant and positive impact on our community. Kim is a communications and public relations professional. Her career experience of working at every daily newspaper in northern Utah, has indeed been a benefit to Taylorsville.

One of the most frequent comments we receive is regarding the Taylorsville Journal. Residents are thrilled with the look and feel and the greater depth of information and insight to what's happening in Taylorsville. Kim's journalism skills and ability to communicate effectively through social media has had a dramatic effect on keeping our citizens informed on all city issues.

Kim jumped right in when she was given the monumental task of overseeing the complete upgrade and overhaul of our website. This includes reviewing, revising and updating hundreds of pages of content, working with employees in every department to ensure accuracy and transparency in all our messaging. We can't wait for the June unveiling of our new website.

Most important is Kim's ability to take a thought, idea or suggestion and immediately pull together a meaningful plan of action. She is a vital member of our Tuesday afternoon team, where we brainstorm, vision and tackle tough city issues.

Kim is a valued and vibrant member of Team Taylorsville and we are delighted to present her with the Service Provider Award of Excellence.
