**BRIEFING SESSION**

**1. Review Administrative Report**

18:00:55 Vice-Chair Kristie Overson conducted the Briefing Session, which convened at 6:01 p.m. City Recorder Cheryl Peacock Cottle conducted a Roll Call, wherein all Council Members were present except Chair Barbour who was excused from this meeting. It was noted that Chair Barbour was expected to join at a later time.

18:01:42 Vice-Chair Overson called for questions on the Administrative Report. Council Member Burgess inquired about specifics of the upcoming Open Streets Event. City Administrator John Inch Morgan clarified that the streets will be closed to traffic and open to the public. He noted that a national organization is facilitating the event. He cited potentially low costs for traffic control and needed arrangements for public safety, but observed that costs to Taylorsville will be very minimal. Community Development Director Mark McGrath confirmed that there may be no costs associated with the event. He gave reasons that 2700 West was selected for the event, i.e. limited closures to personal driveways.

18:05:22 Council Member Larry Johnson inquired whether the Canal Road would be closed. Mr. Morgan suggested that access to Canal Road may be made available through the gated road off of 3200 West. He commented that notice will be provided to residents in the area.

18:06:41 Mr. McGrath relayed that a number of volunteers will help direct people throughout the event.

## **2. Review Agenda**

18:07:06 The agenda for the City Council Meeting was reviewed. Community Development Director Mark McGrath gave clarification on the proposed ordinance amendment regarding food trucks that is to be presented during the regular Council Meeting. Mr. McGrath addressed additional questions regarding the proposed ordinance that would approve food/catering trucks only for city-sanctioned events.

18:10:54 City Administrator John Inch Morgan gave background on the proposed interlocal with Salt Lake County for bailiff and security services. He noted that the recommended amendment allows the City to utilize bailiffs in providing building security.

18:12:48 Mr. Morgan cited \$15,000 in grant money that the City has received for emergency preparation and emergency equipment.

18:14:38 Council Member Johnson discussed proposed language for the upcoming referendum regarding the Fire District. He inquired about a potential voter information pamphlet containing pros and cons. He cited the need to act quickly since the election is approaching. Mr. Morgan said it is unclear whether additional information must be distributed in regard to the referendum. He gave clarification on when the Salt Lake County Clerk issues an information packet and explained that issuance of such does not usually occur with an annexation issue. Mr. Morgan said there is still a question as to whether there is a legal obligation to publish an information pamphlet. He indicated that determination must be made as to obligation and the entity responsible.

18:18:18 Mayor Jerry Rechtenbach commented in regard to the referendum. He cited his initial intent to distribute information in order to educate citizens. He relayed that the charge to the Ad Hoc Committee was to prepare an unbiased voter information pamphlet with arguments for and against. He suggested that, unfortunately, the Ad Hoc Committee largely proposed only cons to joining the District. The Mayor cited the question of who has responsibility to produce the information.

18:18:37 UFA Bureau Chief Jay Ziolkowski explained that the subject of obligation for producing voter information has been discussed on the Fire District level. He relayed that the District can provide voter information if that is the desire of Taylorsville Administration and officials.

18:19:26 Council Member Johnson suggested that having the Fire District provide the pros and the Ad Hoc Committee submit cons would be a fair process. The Mayor reiterated that the real question is whose responsibility it is to publish the information. Chief Ziolkowski clarified that it is ultimately the District's responsibility, but the question is whether there is a will to so since there may already be enough information out there, i.e. the Ad Hoc Committee's Website, the District's website, etc. He cited the challenge to avoid what may be considered electioneering.

18:20:40 Chief Ziolkowski stated his opinion that it is incumbent upon individual voters to review the information that is already available. He also referenced the issue of cost in distributing additional information.

18:21:01 Council Member Johnson reiterated the need to make a decision because the election is approaching in a short time.

18:21:34 The Mayor observed that the only entity that could produce unbiased independent voter information would be the Salt Lake County Clerk's Office. He noted that this is the entity usually responsible for producing unbiased information. Mayor Rechtenbach indicated that he is not clear whether the County Clerk's Office would be willing to do such a publication.

18:22:39 Vice-Chair Overson agreed that the questions being asked are good, but said she is not sure that the Ad Hoc Committee's finding can be considered purely negative. She noted that when the committee was formed, it was tasked with examining the issues and was asked to provide information. She indicated that the findings of the Committee may be perceived in varying ways.

18:23:01 Council Member Johnson acknowledged that there are more cons than pros contained in the committee's report. He suggested contacting the County Clerk's Office regarding publishing an information pamphlet. It was confirmed that no language regarding pros/cons can be on the actual ballot.

18:24:05 Chief Ziolkowski agreed to follow up on any decision by the Fire District in regard to the provision of voter information.

18:24:27 Mr. Morgan cited a typo on the proposed amended interlocal for bailiff services, as prepared by Salt Lake County. He asked that the needed correction be stated in conjunction with any motion to adopt the amendment.

18:26:05 City Attorney John Brems indicated that he, Judge Kwan, and Judge Thomas may present statements during the regular Council Meeting regarding the proposed ordinance amendment for appointing a presiding judge.

18:26:25 Vice-Chair Overson said that she will introduce a topic for subsequent consideration during the regular meeting in regard to the Vote-By-Mail Program.

19:05:04 Chief Ziolkowski referenced notable calls and called for any questions on the report provided.

19:05:43 Council Member Johnson inquired about the *MDA Fill-the-Boot Program* and Chief Ziolkowski noted that UFA Administration does not like fire fighters to conduct fundraising in the streets, so that program has basically been done away with in Taylorsville.

19:06:35 Council Member Ernest Burgess inquired about potential costs for an additional unit in the City. Chief Ziolkowski estimated that the City might be looking at \$400,000 to \$500,000 for an additional company consisting of a 3-person unit. He gave additional clarification on types of calls responded to by UFA personnel that are classified as "falls".

19:08:18 Chief Ziolkowski described community service performed by UFA in the community, i.e. Taylorsville Dayzz, etc. He also referenced the employee spotlight contained in the report.

**7.       OTHER MATTERS**

**- John Brems**

19:22:44 City Attorney John Brems presented the subject ordinance regarding a proposed amendment to City Code for appointment of a presiding judge. He gave background by explaining that Judge Kwan has expressed concern that the required mayoral appointment of a presiding judge may erode separation of powers.

19:23:48 Mr. Brems indicated that, although Judge Kwan has suggested that the action be made retroactive, Administration does not support that because of several uncertainties. Mr. Brems asked that the ordinance be passed as is with the current effective date.

19:24:46 Council Member Burgess asked about any financial impact and Mr. Brems indicated that there is none.

#### **8. NEW ITEMS FOR SUBSEQUENT CONSIDERATION (No Action)**

19:26:17 Council Vice-Chair Kristie Overson called for future discussion in a Work Session regarding the possibility of Taylorsville becoming an exclusive Vote-By-Mail City, as has been done in Cottonwood Heights and West Jordan. She cited statistics that show higher voter response through the exclusive utilization of Vote-by-Mail. Vice-Chair Overson reported that, although she hoped there would be a significant cost savings with this option, this is not the case. She relayed that Salt Lake County Elections has cited the high costs associated with large mailings. She further reported that, despite similar costs involved, Cottonwood Heights experienced 2 ½ times the number of voters and West Jordan voter turnout was almost triple. Vice-Chair Overson noted that Taylorsville mailed out almost 7,000 Vote-by-Mail ballots with a 39% return. She asked that this issue be discussed further in the future.

19:29:50 City Administrator John Inch Morgan reported on his discussions with Cottonwood Heights Administration and cited related issues and costs regarding voter verification, etc. He relayed that election costs would be about the same, but suggested that increased voter participation may be enough justification to move exclusively to Vote-By-Mail.

19:31:45 Council Member Johnson asked for additional information on potential costs. Mr. Morgan said voting exclusively by mail would eliminate the need for as many judges and machines, but there would still be extensive postage and verification costs.

19:33:11 Mr. Morgan suggested bringing further discussion regarding voting exclusively by mail back to the Council sometime the first of next year, once final results are obtained and additional information is available from this year's General Election.
