DEAR FRIENDS & NEIGHBORS,

July is a busy month filled with picnics, reunions, vacations and holidays. As we enjoy this active summer month, please be aware of new firework restrictions which may affect your celebrations. Earlier this year, the Utah State Legislature changed the law regarding when fireworks can be sold and discharged. Here is a reminder of appropriate times to use fireworks:

**Mayor
Kristie S. Overson**

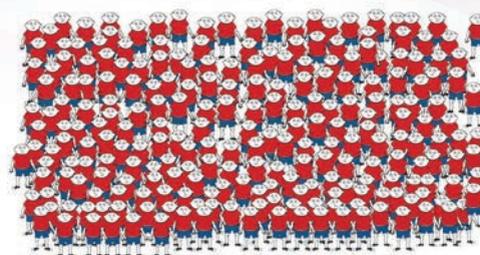

- July 2 and 3 from 11am – 11pm
- July 4 from 11am – midnight
- July 5 from 11am – 11pm
- July 22 and 23 from 11am – 11pm
- July 24 from 11am to midnight
- July 25 from 11am to 11pm

To find a great interactive map regarding firework restrictions in Taylorsville, please visit our website, Taylorsvilleut.gov. As we participate in all the fun July activities, let's make safety our first priority.

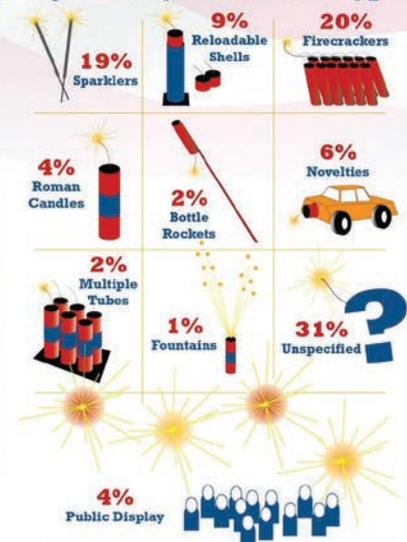

Kristie S. Overson

Fireworks Injuries

230 people on average go to the emergency room every day with fireworks-related injuries in the month around the July 4th holiday.

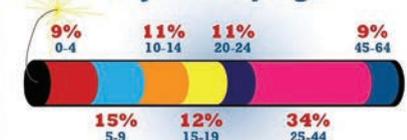

Injuries by Fireworks Type*

Fireworks Safety Tips

- ★ Never allow **children** to play with or ignite fireworks.
- ★ **Never** try to **re-light** or **pick up** fireworks that have not ignited fully.
- ★ Keep a **bucket of water** or a **garden hose** handy in case of fire or other mishap.
- ★ Make sure fireworks are **legal** in your area before buying or using them.
- ★ Light fireworks **one at a time**, then **move back** quickly.

Injuries by Age

The MAYOR is IN

Every THURSDAY from 2 - 4 p.m.
Taylorsville City Hall

Firework Restrictions

6/24 was the beginning of firework sales in Utah. We wish you and yours a happy and SAFE holiday celebration.

As a friendly reminder, the laws surrounding fireworks have changed. **YOU MUST** look to your own cities for their restrictions! **YOU MUST** understand the the dates, times and restricted areas. If you fail to comply, there is now a hefty fine (up to \$1000).

Here is a breakdown of the highlights... Look to your own municipalities for exact restrictions in your community.

Dates you may discharge fireworks:
July 2nd - July 5th July 22nd - July 25

Times you may discharge fireworks:
11am - 11 pm
July 4th and 24th 11am - midnight

Criminal fine for discharging fireworks outside of permitted dates and times or discharging within a restricted area can be up to \$1,000.

Civil Liability for negligently, recklessly, or intentionally causes or spreads a fire through discharge of fireworks - liable for cost of suppression and damages.

Here is a link to show you a wonderful interactive map that shows the restricted areas, please use your own city's restrictions for each particular community.

http://www.unifiedfire.org/s.../fireworks_restrictions_map.asp

Fireworks Safety *for pets*

KEEP YOUR PETS SECURED INSIDE YOUR HOME. Even dogs in fenced yards find ways to escape the scary sounds.

GIVE THEM A SAFE PLACE TO HIDE.

Set up a comfortable room or crate in your home just for them.

USE AMBIENT NOISE TO MASK THE NOISE.

A radio or TV playing comforting music works well.

UPDATE THEIR IDs & MICROCHIPS

Just in Case

SKIP THE CELEBRATION & STAY HOME WITH THEM.

Sometimes your presence makes all the difference.

KEEP THEM BUSY. Try playing games or exercising to distract them.

WELCOME TO TAYLORSVILLE, STEWARD URGENT & PRIMARY CARE!

Grand Opening Ribbon Cutting - June 6, 2018

The new Steward Urgent & Primary Care, located in Taylorsville is now open and ready to care for your healthcare needs. Urgent care centers are a great choice for individuals who have a sudden injury or illness that they may normally see their primary care doctor for, but need to be seen right away. Some of these injuries can include minor traumas (cuts, sprains or breaks) and illnesses (flu, sore throat, ear infections, vomiting and upset stomachs.) The Steward Urgent & Primary Care is unique in that it is a high acuity center that includes onsite comprehensive x-ray and full laboratory services.

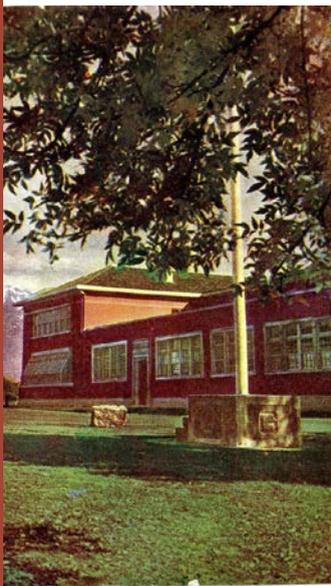

In addition to serving those with an urgent healthcare need the center also offers primary care to the community with walk in services for sports, school and work physicals. They are also able to treat patients of all ages and for a full range of their medical needs. To find out more call 801-964-4170 or visit stewardurgentut.org

TAYLORSVILLE BENNION HERITAGE REMEMBRANCES

Taylorsville Journal Article compiled by Connie Taney for the July 2018 issue.

The feeling of honoring the beloved Granite High School that many generations of Taylorsville residents attended is what will be featured this month.

These words are taken from the Year Book in 1934 -

Granite High School is enveloped with traditions which endear her to us. We have surrounded our traditions with a myth, From the cup of knowledge, our symbol flows a Gleam which we have chosen to call Achievement.

In the theme our Alma Mater has become Pallas Athene, the Goddess of Wisdom. It is she who keeps alive the Gleam of Achievement which inspires us to greater progress.

The Gleam edition is dedicated to the traditions of our Alma Mater. To faithfully record her events, and to honor and preserve with vigilance her traditions, the Granitian of 1934 finds its mission of devotion.

When sight and sound of the campus..... Fade in the long, busy years.....

Yet will return in the memories..... Echoes of old songs and cheers.....

You of the field, track and diamond, Fighters for clean victory.....
You who love the fair, square sport,
You'll hear the song of the "G"

She is calling, calling to you ever, Honor the grand Old "G"!

Dr. Calvin S. Smith - Superintendent with Lorenzo H. Hatch as Principal

2b taylorville COMMUNITY COUNCIL

BE INVOLVED.
BE IN THE KNOW.
BE PART OF YOUR COMMUNITY.

Community Councils are advisory councils where a variety of city-related community interests such as community and economic development, public safety, emergency preparedness, public services, city infrastructure, civil enforcement, and budget can be discussed.

Any residents, property owners, business owners; and leaders of local religious congregations, schools, nonprofit organizations, and other community organizations located within the boundaries of Taylorsville Community Council 2B are invited to contact Jerry Milne at (801) 268-4163 and/or email at jerrymilne@comcast.net

**Future Community Council 2B Meetings will be scheduled based on membership interest*

JULY SAFETY MESSAGE

PROTECT CHILDREN AND PETS FROM OVERHEATING IN VEHICLES THIS SUMMER

With temperatures rising, it is important to remember we cannot leave children and pets unattended in vehicles. Please consider the following:

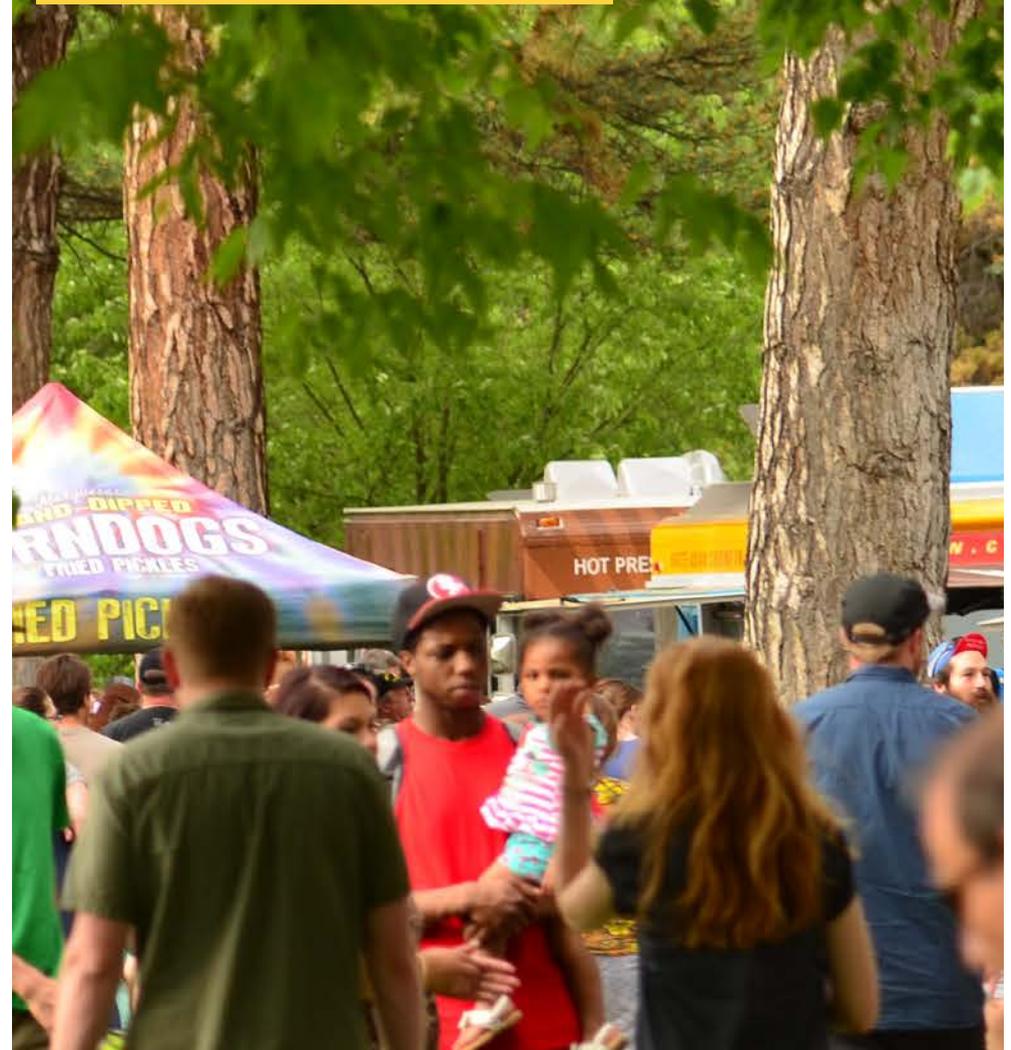

- In the first 20 minutes a vehicle is turned off and left in the heat, almost 70% of the heating occurs. So even leaving children and pets in a car for a short duration is dangerous.
- Cracking windows does very little to help with this.
- During days where temperatures are as low as 80 degrees, interior temperatures can climb as high as 123 degrees in less than an hour.
- Dark objects inside a car can reach temperatures close to 200 degrees.
- Complicating this is the fact that children's thermoregulatory systems are not as efficient as an adult's, and their body temperatures warm at a rate of 3 to 5 times faster than an adult.
- Only 18% of children who die in a hot vehicle are left there intentionally with the intent of "coming right back." To prevent this, we suggest getting in the habit of looking in the back seat before leaving and locking your vehicles. Practice this until it becomes habit to lessen the likelihood of leaving your pet or child in the car on accident.
- Other statistics include: 87% of children who die are 3 years old or younger, 54% are forgotten in a vehicle, 27% are playing in an unattended vehicle

Please be safe and take every precaution to prevent deadly accidents from occurring

THE FOOD TRUCK LEAGUE NIGHT at Taylorsville City Hall

Come join us EVERY
SATURDAY from 4PM - 9PM
for a rotating line-up of Utah's
best food trucks!

To see the lineup each week check us out
on social media or at our website and
taste for yourself what everyone's talking
about every Saturday from 4-9PM!

POLICE**
GREATER SALT LAKE

The following UPD Taylorsville Precinct Awards were presented at the City Council Meeting on Wednesday, June 6, 2018

OFFICER OF THE MONTH - APRIL 2018

Officer Brian Barnett

On April 28th, 2018, Officer Barnett was dispatched to a citizen assist in the area of 5600 South Redwood Road. Upon arrival, Brian met up with Travis Skeem, who aside from battling cerebral palsy, was having mechanical issues with his motorized wheelchair. Brian immediately insured the safety of Mr. Skeem then began calling several different repair facilities without success. As Mr. Skeem indicated, "No wheelchair company would talk to us because it was Saturday," Brian then made the decision to place Mr. Skeem's wheelchair in neutral and physically pushed it down Redwood Road to an adjacent UTA waiting area. Once a bus arrived, Brian loaded Mr. Skeem and his over 400 pound wheelchair onto the bus and followed him to his home in West Jordan. Once home, Off. Barnett assisted Mr. Skeem into his apartment and again lifted the 400 pound wheelchair into the interior of the same. Mr. Skeem, who indicated this entire process took well over two hours, was shocked at the service and care he received from Brian. As he indicated "I know Officers go out of their way a lot, but this was a lot more than just his job. This man, was amazing. People like this are very,very rare." Off. Barnett should be recognized for going above and beyond in his service to one of our community members.

OFFICER OF THE MONTH - MAY 2018

Officer Mikel Archibeque

Since his transfer to the Taylorsville Precinct, Officer Mikel Archibeque has been a "go to" Officer for a multitude of issues and challenges. During recent staff meetings, Mikel not only produced innovative ideas, but provided almost immediate assistance on the implementation of the same. Mikel, without prompting, reorganized the DUI room, including updated reference charts, intoxilyzer information as well as assisted in ordering a new phlebotomy chair that is used during consensual and ordered blood draws. These changes will not only provide a better overall investigation for the Officer, but will assist in an expedited and transparent event for the offender. In addition, Off. Archibeque began working with UPD staff on the identification and grant purchase of additional AED devices that can be dispatched from any police car when responding to a life threatening cardiac event. The City of Taylorsville and the Unified Police Department are grateful to Off. Mikel Archibeque for his innovation, work and perseverance in making the City of Taylorsville a safer place to reside, work and visit.

PRECINCT CHIEFS AWARD 2018

Detective Scott Lloyd

Over the last several months the transient population along the Jordan River Parkway has increased. This increase has directly impacted the surrounding communities to include Taylorsville City. Detective Scott Lloyd has taken a proactive approach in dealing with this problem. Detective Lloyd identified problem areas within Taylorsville City. He coordinated with local Government Officials, other Law Enforcement Agencies, and obtained resources to conduct an intense cleanup of the identified problem areas. The cleanup efforts were significant and involved the removal of approximately 10 dump truck loads of garbage, debris and 260 propane tanks. The presence of these propane tanks and fire hazards along the parkway posed a serious public safety concern. Scott continues his efforts with a "zero tolerance" approach to enforcement in these problem areas to prevent a re-occurrence. Detective Lloyd's efforts have improved the quality of life for the citizens of the City of Taylorsville and those from other communities who enjoy these areas.

PRECINCT CHIEFS AWARD 2018

Detective Kyle Andrew

Over the last 4 months, the Guitar Center in Taylorsville has been the target of high value retail thefts. The Guitar Center has accrued over \$40,000 in losses. Detective Andrew not only began working diligently to locate the suspects and stolen property but also began working closely with management and loss prevention to mitigate future thefts. To date, Detective Andrew has arrested and charged 7 suspects, many by setting up stings to buy the stolen merchandise. Detective Andrew has recovered over 20 stolen items valued at over \$30,000. Through his work with the Guitar Center Corporate Office he has helped install a 36 camera system, and helped with placement of their high value merchandise. The Regional Loss Prevention Director for The Guitar Center over sees 56 stores. He stated he has never seen a Detective so involved with helping a store protect itself from thefts. He praised Detective Andrew and stated had it not been for Detective Andrew's work and perseverance their corporate office would never have approved the money to make the changes. Detective Andrew should be commended not only for his great investigative results but also for his proactive work to prevent future thefts. Detective Andrew exemplifies what a true servant to the community looks like.

left to right: Chief Tracy Wyant, Detective Scott Lloyd, Officer Brian Barnett, Detective Kyle Andrew, Officer Mikel Archibeque

We are fortunate to have such dedicated officers serving our community.

*thank
you*

Ways 2 Conserve Water

Taylorsville-Bennion Improvement District encourages customers to get paid to conserve water. Utah Water Savers reminds us Utah had a bad water year. Just look at our snowpack — it's the worst it's been in 40 years. But did you know there's a new website where Utahns are getting paid to save water at home? From rebates to free landscape consultations, utahwatersavers.com is helping Utahns save both money and water. Visit utahwatersavers.com today to create a free account and start saving. You will find: Smart controller rebates, Toilet rebates, Localscapes University rewards, and Landscape consultations.

If you are ready to start saving water on your landscape or in your home, create a Utah Water Savers account today—water conservation has never been more important. New programs will be added as they are made available, so be sure to check back frequently.

If you have any questions regarding this article, please contact our office at Taylorsville-Bennion Improvement District: 801-968-9081 or visit our website page at www.tbid.org for additional information.

FIREWORKS DISPOSAL

The summer holidays are quickly approaching. Fireworks and barbecues are common ways to celebrate. We remind all residents that fireworks and fire pit/barbecue ashes must be completely cooled before placing them in the waste cans. Smoldering fireworks or embers will melt the can and create a larger fire hazard.

2017 CUSTOMER SATISFACTION SURVEY RESULTS

A little delayed, but we have the results from our 2017 Customer Satisfaction Survey. The overall District-wide customer satisfaction rate is 96.3%, reflecting a 1% increase from the 2016 survey results. The results from Taylorsville City showed a 97.1% satisfaction rate. A total of 10,000 surveys were mailed to residents at random and an online survey was open to any resident. A total of 2,800 surveys were received for this analysis. WFWRD remains committed to providing world-class service. Customer comments are being reviewed, and all of the results of this survey will be posted on our website within the next two weeks.

WHY WE CONTINUE TO RECYCLE

Recycling is a Jobs Creator

Conservative estimates put five to seven sustainability jobs to every one landfill job. Some estimates even go up to a thirteen to one ratio. That's a lot! Just from January until April, The amount of paper, plastic, metals and cardboard from WFWRD residents equated to 71 sustainability positions being supported!

Recycling Saves Energy

When you chose to recycle your clean materials, you save energy! Every can, bottle, and scrap of paper tossed into the recycling bin equals power not being used to mine, harvest, and extract raw resources. So far, this year, residents of the District have saved enough energy equivalent to lighting 863 homes.

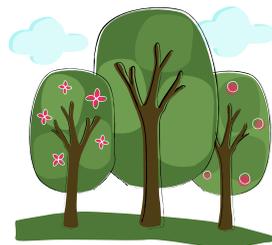

Recycling Prevents Pollution

Due to residents' efforts, over 11 million pounds of material has been recycled in 2018. Manufacturing with recycled materials create less pollution when compared to using raw resources. That amount of pollution prevented via recycling is the same as not driving 59 million miles!

For more information and guides on recycling, please visit our website WasatchFrontWaste.org.

GET INVOLVED & VOLUNTEER
**PARKS & RECREATION
COMMITTEE**

The Parks & Recreation Committee is seeking new members. We are looking for volunteers to meet monthly with a 3-hour monthly time commitment and participate with other committee members in planning activities that are family friendly in our Taylorsville Parks.

Residents interested in serving on the Parks & Recreation Committee are invited to contact the City of Taylorsville at 801-963-5400 to submit a volunteer application located on the City of Taylorsville website at www.taylorsvilleut.gov
